- 1. A Shared Vision for a Shared Future**
The 2010-2035 Regional Transportation Plan
Gerry Bogacz, Planning Director
Jan Khan, Manager, Regional Planning
New York Metropolitan Transportation Council

The New York Metropolitan Transportation Council (NYMTC) recently adopted its new 2010-2035 Regional Transportation Plan, entitled *A Shared Vision for a Shared Future*. NYMTC is a regional council of governments which is the metropolitan planning organization for New York City, suburban Long Island and the lower Hudson Valley. Per Federal regulations, NYMTC's Plan serves as a foundation for Federal funding of transportation improvements in its planning area. NYMTC's new Plan represents the shared vision of its member agencies for meeting the challenges of future growth in its region through strategic regional investments and more sustainable regional development.

- 2. Westchester 2025 – A Partnership for Westchester's Future**
Bill Brady, Associate Planner
Westchester County Department of Planning

What should Westchester County look like in 2025? **Westchester 2025** is the County's new land use planning policies - it's also putting easily available planning tools and 3-D visualization techniques into the hands of our local officials and citizens to help make better decisions about the future of Westchester. This technology will become a cornerstone of Westchester 2025's new Web-based 3-D visioning efforts.
